

PROBLEMAS MANIPULATIVOS

¿Qué cifra corresponde a cada animal?

Suma marina

The puzzle consists of a horizontal line. Above the line are three sea creatures: a brown worm, a purple and white striped snail, and a pink shrimp. Below the line are four sea creatures: a yellow starfish, a brown worm, red coral, and a yellow shell. A pink plus sign is on the left side of the line. A white bird is flying in the top right corner.
