## POLIMINÓS AL AZAR

### Material:

- ◆ Un dado cúbico.
- ◆ Doce poliminós.

- ◆ Tableros con seis combinaciones de poliminós que permiten formar una determinada figura. (Ejemplo: figura siguiente, parte superior.)

### Reglas de juego:

- ◆ El juego consiste en tirar el dado y coger las piezas que aparecen indicadas en la tabla de poliminós debajo del número que ha salido en la tirada del dado. Con estas piezas hay que formar la figura que aparece en el tablero.
- ◆ Las piezas se pueden girar y voltear.
